ACTIVITIES AND ACHIEVEMENTS IN THE FIELD OF ARTS EDUCATION

"Art is more than creative expression" It has been the dominant theme of art education at Doon International School, Amritsar. Art education has its roots in drawing, which, with reading, writing, singing, and playing an instrument is comprised the basic elementary school curriculum. Art education has been expanded to include painting, design, graphic arts, and the "plastic arts" (e.g., sculpture and ceramics), for our senior students.

The school is associated with Shanker Mahadevan Music Academy. Our experts guide our students, polish their skills and enhance their talent. We are blessed to have talented students who have brought laurels for school.

The Committee of Arts at Doon International School provides many opportunities for students to demonstrate their skills through authentic performance. Arts enable children to grow in confidence and learn how to think positively about themselves and learning. It develops creativity in students. Through arts, children learn to observe, interpret, see different perspectives, analyze, and synthesize. The committee provides endless opportunities to quench their creative thirst. Our students have participated in not only district level competitions but also in State level and National level painting, music and dance competitions. The students have brought laurels to the school by winning various competitions.

The committee ensures that in the Art classes special attention is given to the step by step pictorial representations and children friendly art styles. We try to cover all kind of art forms, themes and presentation. Time to times activities are conducted in the classes according to the upcoming special days like festivals and events. Activities like Poster Making on 'Gandhi Jayanti'; Rakhi making on 'Rakshabandhan'; Diya or candle decoration on 'Diwali'; socks decoration carnival cycle decoration on Christmas are conducted within the classes. These activities are introduced to enrich our students about our traditional styles of art and different cultures also.
