### **NO HOMEWORK POLICY FOR GRADE 1 AND 2**

Doon International School believes that the greatest thing in life is to keep your mind young. We teach children how to think not what to think. The Junior school is the first step forward for our little ones as they enter class 1. The basic inputs that the child has been provided at the formative stage are consolidated at this level as the students become capable of understanding basic concepts of the various subjects.

The infrastructure and the classrooms have been carefully selected to ensure that the sense of belonging created in the early years carries on with the child as they move to the junior school. We do not burden the child with unnecessary home work. The school strictly follows the government norms of NO Homework policy for grade1 and grade2.
